## EXPERIENCE

### **Parsons Corp, Colorado Springs — Associate Software Engineer – DevSecOps Engineer**

MAY 2022 - PRESENT

Working as a DevSecOps engineer with occasional infrastructure tasks on the AFRL ODIN software factory. Previously worked on DoD Platform One. Job duties include building/maintaining customer and internal CI/CD pipelines, GitLab administration, container/package/repo updates, working with Kubernetes systems hosted on RHEL-based AWS, and coordinating with IA for CTF and ATO compliance. I have experience training others in this role and creating software demos for high-level government personnel. I regularly write technical documentation.
